Systematic Analysis of Language Transcripts

# Let Us Transcribe Your Samples (fee based)

Our highly trained staff will transcribe your samples with speed, accuracy, and reliability so you can focus on analysis and interpretation. Or, if you are new to SALT transcription, use our transcription services to check your transcript for accuracy.

For more information, visit [www.saltsoftware.com](http://www.saltsoftware.com) and select Transcription.

- Affordable at \$39/hour based on transcription time\* 
- Standard turnaround time is within 7 business days
- Rush turnaround available upon request (additional fee applies) 
- Analysis reports available upon request (additional fee applies) 
- Client confidentiality ensured
- English and Spanish samples transcribed
- SI, NSS, ESS, PSS, and custom coding available
- Most digital audio formats accepted

*\*Transcription time is affected by many variables including the length and type of sample, quality of the recording, intelligibility, language or dialect of the speakers, number of speakers, and amount of overlapping speech, interruptions, mazes, pauses, and errors.*

## How Does It Work?

1. Upload your audio file at [www.saltsoftware.com](http://www.saltsoftware.com).  
Go to Transcription —> Upload Site.
2. Receive an email with your SALT transcript and an invoice payable by check, credit card, or purchase order.

### **SLP, Sonora CA**

SALT Transcription Services has been THE way that my SLP district colleagues have improved their language sampling techniques.

### **SLP, Corona CA**

SALT analysis is a wonderful support to our standardized tests. The transcribers are knowledgeable and accurate. It truly makes an SLP's life easier.

### **SLP, Waunakee WI**

SALT Transcription Services has been amazing and has provided me with hundreds of thorough transcripts that I can easily analyze using SALT software. I am extremely impressed with the time and effort they put into transcribing language samples.

### **SLP, Madison WI**

The service offered for bilingual transcripts is especially remarkable!
